

WILDWOOD HIGHLANDS SUBDIVISION  
Township 2S, Range 11W, Sections 35 & 36  
**EMERGENCY EVACUATION ROUTES**

NOTE:  
There are four (4) access easements that lead to the Sugarloaf Mountain Subdivision from Wildwood Highlands Subdivision. They cross over private property and are for emergency use only. They connect directly to rights-of-way within Sugarloaf. Sugarloaf has granted an easement to Wildwood Highlands and Wildwood to use their rights-of-way in case of emergency. All four easements (1, 2, 3 and 4 on the map) have locked combination gates with a universal combination. Wildwood Highlands Landowners Association bears no responsibility to open the gates, and it is the landowners' sole responsibility to notify appropriate entities of the lock combination in case an emergency may arise requiring access through easements.
